Editorial Review

About the Author

Ricardo Calca is a trader/author/mentor who has been in the investment and trading business for 5 years.

He enjoys blogging and writing books to help new and aspiring investors and traders helping them save time off their long learning curve.

The information in some of his books is controversial. Smart money does not want new traders to know this information because they count on brand new traders not knowing this information in order to make money and get paid from them.

Ricardo pulls back the curtain of the market and lets brand new traders see what is really going on and who is in control. Learn to spot the smart money on a price chart controlling the market and make money right along with them.

His newbie day trader series is for brand new traders who have no knowledge of the market and are looking for the best starting information they can get to have a chance to become successful as a retail trader.

Ricardo gives you that and then some.

Ricardo Calca is an avid traveler and enjoys the trader lifestyle that everyone is always talking about. He actually lives it.

Users Review

From reader reviews:

Ronald Castaneda:

Book is written, printed, or created for everything. You can know everything you want by a book. Book has a different type. We all know that that book is important point to bring us around the world. Beside that you can your reading ability was fluently. A book High Probability Day Trading with Supply & Demand (Forex and Futures Newbie Day Trader Series Book) (Volume 4) will make you to become smarter. You can feel a lot more confidence if you can know about every little thing. But some of you think which open or reading some sort of book make you bored. It is far from make you fun. Why they can be thought like that? Have you searching for best book or suited book with you?

Leta Welter:

In this 21st hundred years, people become competitive in each and every way. By being competitive today, people have do something to make these individuals survives, being in the middle of often the crowded place and notice through surrounding. One thing that at times many people have underestimated it for a while is reading. Sure, by reading a guide your ability to survive boost then having chance to stand than other is high. In your case who want to start reading some sort of book, we give you this High Probability Day Trading

with Supply & Demand (Forex and Futures Newbie Day Trader Series Book) (Volume 4) book as beginning and daily reading e-book. Why, because this book is usually more than just a book.

John Silverstein:

Reading a book tends to be new life style with this era globalization. With looking at you can get a lot of information that may give you benefit in your life. Along with book everyone in this world can certainly share their idea. Publications can also inspire a lot of people. Plenty of author can inspire their own reader with their story or their experience. Not only situation that share in the books. But also they write about the information about something that you need instance. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors in this world always try to improve their ability in writing, they also doing some exploration before they write with their book. One of them is this High Probability Day Trading with Supply & Demand (Forex and Futures Newbie Day Trader Series Book) (Volume 4).

Debra Durso:

Exactly why? Because this High Probability Day Trading with Supply & Demand (Forex and Futures Newbie Day Trader Series Book) (Volume 4) is an unordinary book that the inside of the e-book waiting for you to snap this but latter it will distress you with the secret this inside. Reading this book beside it was fantastic author who also write the book in such incredible way makes the content on the inside easier to understand, entertaining means but still convey the meaning totally. So , it is good for you because of not hesitating having this ever again or you going to regret it. This unique book will give you a lot of rewards than the other book possess such as help improving your expertise and your critical thinking method. So , still want to hold off having that book? If I had been you I will go to the reserve store hurriedly.
