## **Editorial Review**

Review

"This book is an essential text for anyone working with South American camelids. It is the first, all-around camelidspecific text that guides the clinician in their approach to the diagnosis and treatment of diseases affecting these animals. It brings together the vast amount of knowledge that has accumulated over the past 20 years or so, into an accessible format." **Reviewed by** Claire E. Whitehead on behalf of Veterinary Record, July 2015
