Stories in this print anthology are also available as individual ebooks. Closer by Charlotte Stein Judy has a bad habit, one that gets worse during the busy Christmas season. She likes to rub against strangers on trains. And with all the hot businessmen on her route, she's not kicking the habit anytime soon. After all, she's not really hurting anyone. But she definitely feels dirty when a gorgeous stranger catches her in the act—until it's clear he wants to join in, and he's not the type to take no for an answer. In fact, he isn't taking no for an answer on a lot of things. Judy may think she's only willing to go so far, or get so close. But Holt thinks differently... Pink Present by Shelly Duvall Jin was too young for Yuki when he confessed his love years ago, and his unfulfilled desires dominated his sexual fantasies. He can't help himself when he begins to touch her on a crowded train amongst dozens of strangers, especially when her body betrays how much she likes it. Yuki has had it with her old life. She's made her mistakes and with a new year comes a fresh start. She knows what she wants and Jin is it. She likes the danger of being caught, likes the attention of enthralled onlookers, and the moment he touches her during her morning commute sets into motion a sexual escapade that changes the direction of her life. Please Me, Tease Me by Gail DeYoung Meri has spent the last fifteen years dreaming about Johnny, her first love. Now her two best friends have arranged for her to see him, and Meri's nervous. She wonders if they'll still have the same chemistry—not to mention the same fetish, a love of sexy stockings. Johnny's been dreaming of Meri just as long, clinging to images of making love to her while she wears sensual stockings. He can't believe his good fortune when he learns she's in town. Now he'll do whatever it takes to get her back in his bed, including playing on their mutual fetish. Start Your Engines by Marilyn Campbell Apple McGee has impatiently waited all year for the December auto show. She isn't just an admirer. Jungle-cat-sleek sports cars are her fetish. Erik Santana has been waiting as well. His wife finally divorced him over his "unnatural obsession" with cars, allowing him the freedom to pursue the woman he'd fantasized about for years. Apple remembers noticing Erik and his powerful muscle car before but this year, instead of showing off his prized possession, his attention is focused on seducing her. When he introduces her to his private collection of vehicles, her arousal is uncontrollable. What they do in, on and around those super-hot rides fulfills every sexual fantasy Erik and Apple ever had. Voices in The Dark by Lacey

Savage Maddie's coworkers have no idea that she gets off on calling random men, whispering raunchy fantasies in their ears and hearing them orgasm at the sound of her voice. Her fetish is fun, daring and most importantly, safe. That's paramount for a transplanted Texan now living in New York. Sex with strangers is risky. Phone sex is totally anonymous. Until Maddie calls a coworker by mistake. And when Adrian recognizes her voice, he turns her safe little fetish into a dangerous game. One that Maddie can't possibly win.
