Secret Societies and Psychological Warfare By Michael A. Hoffman II

From 007 to 2001, from Dealey Plaza to the Apollo Moon Flight, from the barrel of a Bulldog .44 to the corridors of the pyramids of Sirius; from the secret symbolism of Jack the Ripper to the public symbolism of the first atomic bomb blast, this work illuminates the crimes and command ideology of the masonic Cryptocracy, where ground zero meets the zero hour in a bestial crucible of ritual murder, human alchemy and demonic invasion.

Secret Societies and Psychological Warfare takes the reader to the core of a cosmic cryptogram, a dark Oz where the ancient fables become modern memes for the psychological contagion and devastation of humanity, and where the stratagem the author terms 'Revelation of the Method'; becomes the key to the finale of the mysteries of the ages.
