### Stolen Legacy By George G. M. James

For centuries the world has been misled about the original source of the Arts and Sciences; for centuries Socrates, Plato and Aristotle have been falsely idolized as models of intellectual greatness; and for centuries the African continent has been called the Dark Continent, because Europe coveted the honor of transmitting to the world, the Arts and Sciences. It is indeed surprising how, for centuries, the Greeks have been praised by the Western World for intellectual accomplishments which belong without a doubt to the Egyptians or the peoples of North Africa.

## Editorial Review

### Review

"excellent book" -- *roxanne warner*

"great book" --*luther warner*

### From the Back Cover

The book is an attempt to show that the true authors of Greek philosophy were not the Greeks, but the people of North Africa, commonly called the Egyptians; and the praise and honor falsely given to the Greeks for centuries belong to the people of North Africa, and therefore to the African Continent. Consequently, this theft of the African legacy by the Greeks led to the erroneous world opinion that the African Continent has made no contribution to civilization, and that its people are naturally backward. This is the misrepresentation that has become the basis of race prejudice, which has affected all people of color.

### About the Author

**George James** was a professor of logic and Greek at the University of Arkansas–Pine Bluff. He died, reportedly under mysterious circumstances, soon after the first publication of this book in 1954.

## Users Review
