The Aletheon By Adi Da Samraj

The Aletheon is a fathomless gift to the world immense in both its scope and profundity. It is a supreme masterpiece of wisdom, instruction, and Divine Self-Revelation.

During the final three years of his life, Avatar Adi Da created this scripture moved by his indefatigable impulse to 'say everything' to everyone. His work on *The Aletheon* ended on the very day of his passing when he called for the title page of *The Aletheon* and finalized the wording on that page, thereby forever bringing to a close his final great writing-labor of love.

Adi Da had written many extraordinary and comprehensive books before *The Aletheon*. The early years of Avatar Adi Da's active Teaching-Work were an astounding demonstration of his willingness to submit himself to ordinary egos, and to work by reflecting egos to themselves and calling egos to true esoteric practice. What is unique about *The Aletheon* is that it was written after that time of submission to ordinary beings had been completed, when Avatar Adi Da was demonstrating the culminating phase of his outshining revelation. In writing *The Aletheon*, Avatar Adi Da had utterly relinquished his previous modes of self-submission and teaching, and expressed only his own purest communication of Truth.

In summary *The Aletheon* includes:

- * Penetrating consideration of true and false understandings of God, religion, and human existence altogether
- * Adi Da's unique revelation of the Divinely Enlightened condition
- * His confession of his own purpose and work
- * A description of the practice he offers to all who are moved to become his devotees.

The softcover edition of *The Aletheon* scriptural text is divided into seven volumes:

Volume One opens with Avatar Adi Da's Self-Disclosing statements relative to who he is and what the purpose of his word is. He also presents his fundamental arguments relative to conventional religion versus the true esoteric process, the primacy of devotion, and the seven stages of life.

Volume Two presents Avatar Adi Da's 'overview' statements about and definitions of the Reality-Way of Adidam including the essential essay *Atma*

Nadi Shakti Yoga.

Volume Three includes his more extended and detailed statements about the Reality-Way of Adidam including fundamental summary statements relative to devotion, right life, and 'Perfect Knowledge'.

Volume Four includes two essential texts relating to the beginnings of the Transcendental Spiritual process; *The Teaching Manual of Perfect Summaries* and *Hridaya Rosary*.

Volume Five is devoted entirely to essays on *Perfect Philosophy*.

Volume Six contains many of Avatar Adi Da's most fundamental and ecstatic Communications about the 'Perfect Practice' of Adidam.

Volume Seven is the concluding volume of *The Aletheon* scriptural text, with a completely astounding series of Self-Confessional Divine Statements by Avatar Adi Da including *The Boundless Self-Confession*, and a great many more.

Over 2300 pages, *The Aletheon* is available in two editions: a single-volume hardcover edition and an eight-volume softcover edition (including the volume of reference materials). The contents of the two editions are identical including the full text of *The Aletheon*, over one hundred photographs of Avatar Adi, a full biography, and extensive reference materials. Both editions come in a beautiful slipcase adorned with a stunning logo-image, created by Avatar Adi Da Samraj.

Editorial Review

Review

He is a great teacher with the dynamic ability to awaken in his listeners something of the divine Reality in which he is grounded, with which he is identified, and which in fact, he is. --Israel REGARDIE, author, *The Golden Dawn*

About the Author

On November 27, 2008, Adi Da Samraj, departed from the body. He passed on to humankind a legacy of inexhaustible profundity and limitless Blessing-Power. Adi Da's primary gift is his own Eternal Transcendental Spiritual Being. The primary purpose of his human lifetime was to establish the means by which any and all beings could be truly connected to him and in devotional communion with him. Thus, he worked with utmost intensity, throughout his entire life, to develop and establish his Transcendental Spiritual Way.

Adi Da's literary, philosophical, and practical writings consist of over sixty published books including *The Knee of Listening*, his Spiritual Autobiography, *The Dawn Horse Testament*, his magisterial revelation of the entire Spiritual Process from beginning to end, and *The Aletheon*, his final (and first and foremost) book. In addition to his writings, Adi Da gave thousands of hours of recorded discourse. Many discourses have been published by The Dawn Horse Press on CD and DVD.

Adi Da was a prolific artist, producing a remarkable body of work in different media. He was invited to show his work in a solo exhibition at the 2007 Venice Biennale, and also as part of the 2008 Winter in Florence and his work will be shown in New York. Among the publications of Adi Da's art are *The World As Light*, *Transcendental Realism*, and *The Spectra Suites*.

Another dimension to Adi Da's far-reaching legacy is the social wisdom embodied in his book *Not-Two Is Peace*. In it he calls for the establishment of a Global Cooperative Forum that mobilizes 'everybody-all-at-once' on the basis of recognizing the prior (or inherent) unity of the entire human family. He proposes that such a forum is the necessary and effective means for addressing the world's most pressing issues.

Praise for Avatar Adi Da's Transcendental Realism Art

--Donald Kuspit, Critic, Professor of Art History and Philosophy, State University of New York at Stony Brook.
