The Extra-Dimensionals: True Tales and Concepts of Alien Visitors By John DeSouza

Extra-Dimensionality is the key to understanding everything... By everything, we mean all the areas in which we have been deceived to believe the physical world is the beginning and end of all things. “The Extra-Dimensionals” is the stark revelation of where Alien Visitors are actually coming from and to where they are returning. Understanding Extra-Dimensionality is the way to unfold the truth of the paranormal, the spiritual and even the physical world. These Visitors have been with us since time immemorial and their messages to us are everywhere around us. The truth will eventually explode into our field of vision. If we refuse to listen then we are only delaying the inevitable to a time when an alarm will be sounded that is so loud that it will consume everything upon the Earth. Once the black swans arrive, once we awaken to numerous mile long shadows cast by these ancient ships—hanging over our major cities, soundless, motionless, maddening; it will be too late. It is in these final moments that we can still, with open minds and clear hearts, decipher that which has been intentionally hidden from humanity for so long—the truth of Extra-Dimensionality. That comprehension will, in turn, illuminate every hidden truth of our material existence. Then, we will find that for the first time, we will finally have the key to understanding everything.

Editorial Review

About the Author

JOHN DESOUZA was an FBI Special Agent for over 20 years and collector of the real life "X-Files." The author has researched and uncovered paranormal experiences as they have been revealed to him. Trained as an attorney and investigating official of the U.S. government, John DeSouza unravels mysteries that elude investigators restricted to the purely material world. The author devotes himself to his companies and to writing books on spiritual and paranormal topics. He can be reached at his website www.johntamabooks.com or his email johntamabooks@gmail.com.

Users Review

From reader reviews:

Randy Garrison:
