Rheumatology By Marc C. Hochberg, Alan J. Silman, Josef S. Smolen, Michael E. Weinblatt, Michael H. Weisman

Stay current in the ever-changing discipline of rheumatology with clear, reliable guidance from **Hochberg's Rheumatology**, one of the most respected and trusted sources in the field. Designed to meet the needs of the practicing clinician, this medical reference book provides **extensive, authoritative coverage** of rheumatic diseases from basic scientific principles to practical points of clinical management in a lucid, logical, user-friendly manner.

- **Track disease progression and treat patients more effectively** with the information on genetic findings, imaging outcomes, cell and biologic therapies, rheumatoid arthritis, and SLE.
- **Incorporate recent findings** about pathogenesis of disease; imaging outcomes for specific diseases like RA, osteoarthritis, and spondyloarthropathies; cell and biologic therapies; and other timely topics.
- **Remain up to date on the latest information in rheumatology** through 13 brand-new chapters covering biomedical and translation science, disease and outcome assessment, new imaging modalities, early emerging disease, clinical therapeutics, patient management, and rehabilitation.
- **Take advantage of expanded coverage** of small molecule treatment, biologics, biomarkers, epigenetics, biosimilars, and cell-based therapies.
- **Focus on the core knowledge** needed for successful results with each chapter co-authored by an internationally-renowned specialist in the field.
- **Easily find the information you need** thanks to a consistent, user-friendly format with templated content and large-scale images.

Editorial Review

Review

"My lasting impression of this book was the very same as the first time I opened these two lavish volumes and that was - wow! This two volume set is a spectacular and seemingly comprehensive review of rheumatology. Now in its sixth edition, it is a huge production with a large number of contributors from numerous countries all over the world. It is expertly edited and seamlessly put together. There is plenty of good basic and interesting yet relevant science here as well as a seemingly comprehensive review of the clinical aspects of rheumatology. I would suspect this is the nearest you would get to an encyclopaedia of rheumatology." **Reviewed by** Dr. Harry Brown, on behalf of glycosmedia.com, December 2014

Users Review

From reader reviews:

Shane Ward:

A lot of people always spent their very own free time to vacation or even go to the outside with them friends and family or their friend. Do you realize? Many a lot of people spent many people free time just watching TV, or playing video games all day long. If you would like try to find a new activity that's look different you can read any book. It is really fun for you. If you enjoy the book that you just read you can spent 24 hours a day to reading a e-book. The book Rheumatology it is very good to read. There are a lot of people who recommended this book. These folks were enjoying reading this book. If you did not have enough space to bring this book you can buy the particular e-book. You can m0ore easily to read this book out of your smart phone. The price is not too expensive but this book features high quality.

Robert Collado:

Would you one of the book lovers? If so, do you ever feeling doubt if you are in the book store? Try and pick one book that you never know the inside because don't assess book by its cover may doesn't work is difficult job because you are afraid that the inside maybe not as fantastic as in the outside seem likes. Maybe you answer is usually Rheumatology why because the excellent cover that make you consider about the content will not disappoint an individual. The inside or content is actually fantastic as the outside or cover. Your reading 6th sense will directly assist you to pick up this book.

Nicole Dilbeck:

This Rheumatology is great guide for you because the content and that is full of information for you who also always deal with world and possess to make decision every minute. This specific book reveal it information accurately using great organize word or we can say no rambling sentences in it. So if you are read the idea hurriedly you can have whole information in it. Doesn't mean it only offers you straight

forward sentences but difficult core information with splendid delivering sentences. Having Rheumatology in your hand like obtaining the world in your arm, details in it is not ridiculous a single. We can say that no book that offer you world within ten or fifteen second right but this reserve already do that. So , it is good reading book. Hey Mr. and Mrs. hectic do you still doubt that will?

Elizabeth Acker:

Many people spending their time period by playing outside together with friends, fun activity together with family or just watching TV the entire day. You can have new activity to enjoy your whole day by studying a book. Ugh, think reading a book really can hard because you have to use the book everywhere? It all right you can have the e-book, having everywhere you want in your Touch screen phone. Like Rheumatology which is finding the e-book version. So , why not try out this book? Let's notice.
