Public Policy: Art and Craft of Policy Analysis 2/E By R.K. Sapru

The textbook, now in its second edition, continues to provide an in-depth analysis of the various approaches for policy formulation, implementation and evaluation. It addresses issues in policy analysis, and explains the forces that influence the functioning of executive, legislature, judiciary, civil society and administration. This new edition is incorporated with two new chapters on Power Approaches to Policy Making and Strategic Planning Approach for Improving Public Policy. The book is primarily intended for postgraduate students of Political Science and Public Administration for their courses in Public Policy and Policy Analysis, besides meeting the requirements of candidates offering public administration subject for the civil services examination. It will be equally useful for policymakers, planners and bureaucrats concerned with policy management.
