Twilight in America: The Untold Story of Islamic Terrorist Training Camps Inside America By Martin Mawyer

It's happening right now, hidden in the rural neighborhoods of America, protected under the guise of religious freedom. In the privacy of Muslim compounds across our land, they are preparing our own citizens to wage a holy war—jihad—against America. As many state and federal authorities turn a blind eye, these Islamic extremists convert our own citizens, then teach them how to kill. One informant, who lived undercover on these compounds for more than eight years, warns: “They are asleep. They are a bomb” waiting to go off. Read *Twilight in America* and learn how the plan and ultimate goal of radical Islam is not just to inflict terror by attacking our nation, but to inspire homegrown terrorism from within, committed by Americans against Americans. The plan is working, and the goal is being achieved. This is the descent that the United States is experiencing—this is twilight in America.
