A Touch Of Heat By Judy Mays

Perfumed Heat The start of the Heat series! Since the death of his mate, Artemis Gray has desired no other to take her place. Then Moira Archer, a human, entered his life. Her rich, earthy scent, combined with the perfume she wore, enticed him. The werewolf in his soul awoke and howled in triumph Mine! In The Heat Of The Night Second in the Heat series Serena Wilde was anything but serene. The full moon was tonight. She had to get away, or she'd be far wilder than her sexy boss could ever anticipate. Why in the world did he have to demand that she show up for a meeting about a new breeding program now? Dr. Kearnan Gray might be an expert on wolves, but he didn't know a damn thing about werewolves, especially one that was about to come into heat.
