Learn How To Attract The Most Beautiful Women & How To Stop Getting In Your Own Way

Tell me if you've experienced any of these completely frustrating problems:

- Have you ever been unable to approach that girl you like because you have been so nervous?
- Never knowing what to say next?
- No idea of how to create sexual attraction?
- Maybe you get into conversations with girls, but they just never seem to lead anywhere, even though you feel some sort of chemistry?
- Unable to get women excited and chasing you?
- Feel like you are not good enough or worthy of the most beautiful women?
- Being overly nice and accommodating hoping that she will choose to sleep with you?
- Feeling lonely/depressed, and unfulfilled as a man?

Well, you are not alone. I spent the first 23 years of my life terrified of not only women, but people in general. In this book I share the reality changing realisations and experiences I have went through. I share the secrets and mindset shifts that have allowed me to connect, sleep with, and love some of the most beautiful women I have ever seen.

I am not handsome. I dont have muscles. I am skinny, balding, with a larger nose than I would like, but it never matters.

In this book you will learn:

- The BIGGEST difference between a man who women love and crave to be around, and a man who is unattractive and clueless with women.
- A complete in-depth overview of what it looks like to be the completed man who moves through life with supreme, unwavering seductive confidence, turning women on effortlessly.
- Do you know that the single most dangerous mistake men make when trying to attract a woman is also the most common? I'll show you how to simply and easily eliminate this disastrous mistake
- I dissect, breakdown, and re-wire your untrue belief systems you have around women which is a huge factor stopping you from waking up next to the beautiful women you desire.
- The true secret of body language that nobody teaches or truly understands. How to generate intensely sexual and attractive presence that captivates women.
- Why approach anxiety exists, and how to completely set yourself free through a brand new mindset shift. The perfect mindset for seduction.
- Removing all pressure off of yourself on this journey so you reap all the benefits, and have fun on your sexual seductive growth.

Plus much more.

"It's quite rare that I come across a seducer in the truest sense of the word. A seducer is a man who not only aims to seduce women, but who aims to really seduce the world in which he lives, as if a challenge to inspire beauty in others. Chris is that man. His book is by far one of the best reads I've come across on the subject of seduction in my many years in the industry. The book is a revelation that transcends the surface-level nonsense churned out tirelessly by a saturated seduction community and instead, dives deeper into what it means to be attractive from your core. I have no choice but to recommend Chris to anyone who is on the path to understanding the feminine. Don't waste your time on surface nonsense, become greater than you ever thought possible, Chris is your man."
