TSOG: The Thing That Ate The Constitution (Things That Ate the Constitution) By Robert Anton Wilson

What is TSOG? It's the "Tsarist Occupational Government", those wonderful folks in Washington B.C. (oops, sorry, that's D.C.) who, OF COURSE, always have your best interest at heart. Of course.

TSOG is Bob's most powerful political statement. What is happening in the United States--RIGHT NOW!--to human freedom and to the Constitution that was written to secure and protect YOUR liberty? Why does the U.S. have a drug TSAR(!) who proudly destroys millions of lives and bullies the governments of the rest of the world into prosecuting an insane war on [some] drugs? How did a Nazi spy come to have an enormous influence on current U.S. foreign policy? Will the 'war on terrorism' put the last nail in the coffin of YOUR rights? Would Hannibal Lecter make a better president than George W. Bush?

Bob's keen wit skewers those who are forcing us all into slavery, and warns us that there is little time left. How long will it be before Bob's books are banned as 'literary terrorism'?

Editorial Review

Review

"When it comes to intelligent dissent, Wilson is the motherload. More importantly, he's funnier than a barrel of monkeys reciting the pledge of allegiance on the capital steps." -- RU Sirius, Editor, Mondo 2000

"The master satirist shines light on the recent parapolitical history of the TSOG--the Tsarist Occupation Government--that now masquerades as the U.S. political and cultural leadership. It's all here with familiar humor and new insight. Like the Id-creature in Forbidden Planet, Wilson's brilliance reveals the outline of the monster right now chomping on America." -- Kenn Thomas, Steamshovel Press

"TSOG is a five-alarm wake-up call. Read this book before it's outlawed." --David Jay Brown, author of Brainchild and Virus
