**Essentials of Strategic Intelligence (Praeger Security International)** From Praeger

A highly valuable resource for students of intelligence studies, strategy and security, and foreign policy, this volume provides readers with an accessible and comprehensive exploration of U.S. espionage activities that addresses both the practical and ethical implications that attend the art and science of spying.

- Provides a comprehensive, up-to-date examination of all aspects of intelligence by experts in the field, from collection-and-analysis and counterintelligence to covert action and accountability
- Probes into how the United States' intelligence agencies attempt to protect the nation from cyberattacks by foreign nations and terrorist groups—and documents the successes and failures
- Documents the involvement of the National Security Agency (NSA) in bulk "metadata" collection of information on the telephone records and social media communications of American citizens
- Examines the effects that have resulted from major leaks in the U.S. government, from Wikileaks to the NSA Snowden leaks

### Editorial Review

#### Review

"Loch Johnson has pulled together the perspectives of many of the most thoughtful scholars and practitioners in the field of intelligence into one volume. Anyone who wants to understand the increasingly important role of the intelligence community needs to be familiar with the institutions and processes of intelligence?from collection, analysis, policy advice, and oversight. *Essentials of Strategic Intelligence* provides the depth of analysis and breadth of scope necessary to understand the real world of U.S. intelligence. It is up to date and authoritative; I highly recommend it." (James P. Pfiffner, George Mason University)

"From foundational matters in the field of intelligence to the timeliest issues of our day, *Essentials of Strategic Intelligence* provides astute, well-documented essays that should be required reading for students of intelligence studies as well as professionals in the field. This text covers the breadth of the intelligence community in a single volume that will elucidate the practices and procedures of one of the most critical, yet least understood, contributors to American foreign policy and national security." (James Borders, Lieutenant Colonel, USAF, PhD, United States Air Force Academy)

"Secrecy made intelligence the last aspect of international politics to generate serious study, but scholarship on it grew tremendously in the past 40 years. Loch Johnson's collection now distills the important insights from this literature, together with the perspectives of practitioners, in a balanced set of trenchant essays. *Essentials of Strategic Intelligence* provides a thorough, deep, and up-to-date survey perfectly designed to inform students and officials alike." (Richard K. Betts, Director, Saltzman Institute of War and Peace Studies, Columbia University)

#### About the Author

**Loch K. Johnson** is Regents Professor of Public and International Affairs at the University of Georgia, Athens, GA.
