### Editorial Review

From [Booklist](#)

After a long winter comes spring, during which blossoms can either thrive or wither and fade. Claire Summers has long let her heart go untended, but when her daughter, Haley, sets into motion an unanticipated chain of events, Claire must choose whether to allow the seeds of love to grow or to remain safe and untouched. Meanwhile, Claire's neighbor, Maureen, is struggling with cancer and regrets over the child she gave up for adoption years ago. Keith Watson has residual issues over his own childhood, so when he is asked to help Maureen track down her son, each of them is forced to confront things they had hoped were relegated permanently to the past. However, as the past comes to light and wounds are healed, each learns the value of forgiveness. Hannon's (Trapped, 2013) latest is a story of the hopeful aspect of love, in which she introduces readers to characters just as real and broken as each of us and shows how, through a bit of faith, grace, and trust, people can blossom too. --Carolyn Richard

From the Back Cover

**"Irene Hannon is one great storyteller."--Debbie Macomber, #1 *New York Times* bestselling author**

Independent single mom Claire Summers is doing her best to make lemonade out of the lemons life has handed her. Workaholic Keith Watson is interested only in the bottom line--until a letter from Claire's eleven-year-old daughter reaches his desk and changes everything.

As the executive assistant to a philanthropic businessman, Keith is used to fielding requests for donations. But the girl isn't asking for money. She wants help finding the long-lost son of a neighbor. As Keith reluctantly digs into this assignment in his usual results-oriented style, he has no idea how involved he and Claire will become--nor how *unusual* the results will actually be. Who could have guessed that a child's kindhearted request would bring love and hope to so many lives . . . including his own?

Through compelling characters and surprising plot twists, fan favorite Irene Hannon offers this tenderhearted story that demonstrates how life is like lilacs--the biggest blooms come only after the harshest winters.

"Hannon's multithread plot is woven beautifully together to create a tapestry that will enchant romantics of all ages."--*Publishers Weekly*
