### Editorial Review

From School Library Journal

Gr 3–6—Palacio revisits Julian, the most disliked character from her debut novel, *Wonder* (Knopf, 2012). When Auggie Pullman first entered Beecher Prep, Julian was one of the students chosen to help him navigate the new school. Instead, Julian went out of his way to make life miserable for Auggie. But why? Was he just a bully or was there something else going on? And did he ever feel bad about his actions? Although it starts off predictably enough, Julian's story is full of surprises that emphasize the overall theme of compassion, not only for the victim, but also for the bully. Children will learn an important lesson about walking in another's footsteps when they discover what really motivates Julian's actions. Listeners may want to reread *Wonder* to refresh their memories. The narration by Michael Chamberlain is exceptional in capturing the whiny angst and defiance of a preteen child, while also managing to inject convincing notes of sincerity where appropriate. Schools who already have the first book will definitely want to add this follow-up to their collections, as it and *Wonder* are excellent character education resources for students and teachers.—Michaela Schied, Indian River Middle School, Philadelphia, NY

To prime fans of *Wonder* (2012) for the upcoming *365 Days of Wonder: Mr. Browne's Book of Precepts* (2014), Palacio has dropped this bite-size, but still tear-tugging, Kindle Single. Readers know Julian as the bully who gave the facially deformed Auggie a hard time, but this story shines light on Julian so that his blacks and whites become shades of gray. Julian, who delivers his story in exclamation point-filled prose, is revealed to be an emotional kid prone to nightmares, and Palacio allows that some kids would be flat-out scared by Auggie's looks. Julian's shock upon first meeting Auggie is almost inexpressible: "Dude! Dude! Dude! Dude! Dude! Dude!" Given Julian's personality, the notes he writes Auggie feel less relentlessly cruel and more the acts of a kid who doesn't think things through; Julian is shocked to hear himself described as a bully. It's his parents who guide the rest of his story, taking up arms against the school with Julian as a mere bystander, and this, more than anything, will earn readers' sympathy. Palacio hits her "choose kind" message hard enough to border on didacticism and the plot has a brick-by-brick linearity, but she remains a wonderfully readable and expressive author. This feels as if it is excised straight from *Wonder*, making it a perfect addition. Grades 5-8. --Daniel Kraus
