No Slam Dancing, No Stage Diving, No Spikes:: An Oral History of New Jersey's Legendary City Gardens By Amy Yates Wuelfing, Steven DiLodovico

How did a lifeless, concrete bunker in the inner city come to be a cornerstone of the underground music scene? How did a club stuck between nowhere foster an atmosphere of creativity and promote a vibrant music scene ready to explode? Simply: with dedication, drive and passion. The story of City Gardens is a multifaceted tale of community, history and, tradition. While one man, the inimitable Randy Now, is credited (and rightly so) with growing and cultivating the scene at the Gardens, it took a community of freaks, weirdoes, and misfits to truly make it a home. No Slam Dancing, No Stage Diving, No Spikes is the story of how that bunker became an oasis for wayward iconoclasts and cultural outcasts while witnessing some of the most compelling performances in music history. Told through the memories of bands, bouncers, stage management, bartenders, and fans—as well as the man who oversaw it all—No Slam Dancing is part history, part sociological study, and part legend. It is a document of times and events that occurred during the last great music age before technology changed everything. Over the course of hundreds of interviews, the authors pull together the narrative City Gardens during its nearly-20-year run. Whether they were the New Wave-crazed dancers who populated 90 Cent Dance Nights, or the punks and skins who caused mayhem during the hardcore shows, they were the ones who made every event a happening and every show something to behold. The individual memories merge to tell the story of a city, of a scene, and of the indomitable force of creativity.

Editorial Review

Review

If you grew up in the big city, and involved yourself in underground music during the 80s and 90s, you might have taken a lot for granted. Bands want to gig in your town, and there are spots for them to play, so it's pretty easy to keep up on the new, hot stuff. However, if you grew up near the almost Philly/sort of Jersey armpit called Trenton, NJ, you may have relied on a fine gentleman named Randy Now Ellis who found himself an abandoned car dealership, and created a home-away-from-home for next-level punk, ska, hardcore, metal, hip hop, reggae and alternative music (when there still was such a thing) called City Gardens. Oh they had 90 cent dance nights, too. What authors Amy Yates Wuelfing and Steven DiLodovico bring forth in the thoroughly researched *No Slam Dancing, No Stage Diving, No Spikes* that makes this tome so very vibrant and interesting, is an understanding that a venue off the beaten path such as CG, lives almost exclusively off the passions of the community surrounding it. They accomplish this via the voices of nearly each and every person who made City Gardens tick, including many of the artists who took to its stage on numerous occasions over its years of operation, which includes onetime Trentonite Henry Rollins (Black Flag/Rollins Band), Ian MacKaye (Minor Threat/Fugazi), Peter Hook (Joy Division/New Order) and even former City Gardens drink-slinger, and current Daily Show host, Jon Stewart, among so many others. -- Words by Howie Abrams at Mass Appeal

Now here is a book that I had been looking forward to for a long time since I first heard about the project a few years ago. Titled after the infamous sign inside the long-shuttered Trenton, NJ club City Gardens (the last show there was in 1994), this is nothing less than a superb oral history (as the title suggests) of the club from its early 80s beginnings to its end in the late 90s (dance nights continued there for a few years after they stopped doing shows). For those who don't know, Randy Now Ellis started promoting shows in a dilapidated warehouse/former car dealership in a depressed part of Trenton, NJ, giving bands who could play nowhere else a chance and booking many national headliners who regularly stopped there between gigs in New York, Philadelphia and Washington, DC. Though perhaps City Gardens was known mostly for punk and hardcore, it should be said that Randy booked bands in all kinds of genres, including ska, reggae, new wave, alternative, hip-hop, industrial and others, often times mixing up bills in ways other promoters wouldn't. Many former City Gardens regulars (including the authors themselves) are interviewed, as are members of some of the many different bands that played there over the years. Generally speaking, the book is broken up into sections spanning a few years at a time. However, special chapters are devoted to The Ramones (who played there 21 times, more than any other band except Ween, New Hope, PA locals from across the river who played the last show there and were known for getting booed off the stage by fans of headliners like Fugazi) as well as the 90 cent dance nights that were held every Thursday night. For me, the allure of this book was two-fold. First off, I would finally be able to read about the days I missed there, as I didn't start going to shows there until 1991. Thus, though I'd heard a few of the stories from the 80s, it's nice to have many of them in one place and packed with such intricate detail. Then, of course, there was the thrill of reading about shows I attended there in 1992 and 1993, including amazing shows by Fugazi, Shudder to Think, Jawbox, Green Day (their first show in New York or New Jersey ever and the last show they played on the Kerplunk! tour before they signed to a major label) and an incredible, impromptu 1993 Descendents reunion I witnessed. There is also an extensive segment in that chapter about the most violent show I have ever witnessed, a 1993 show by FEAR in which Neo-Nazi skinheads fought with others in the audience and incited a riot. Thankfully, most of my memories of the place are happy and by the time I started going there, it seemed like most of the worst of the violence (with the exception of that FEAR show) was over with. However, if I have one very minor complaint, it was that reading about the endless amount of violence and

stupidity that occurred there in the late 80s got kind of exhausting and discouraging after a while. It does, however, give the reader a proper context for why shows there eventually were stopped, as insurance costs, injuries from patrons stage diving and the resulting threats of litigation made it harder and harder for Randy to continue. All in all, this book is a terrific read and I had trouble putting it down, barreling through its 400 or so pages quite quickly. If you are a former City Gardens patron or a fan of the 80s and early 90s underground music scene, this book is for you. Even if you never attended a show there, if you like books like *Our Band Could Be Your Life* or other recent oral histories like the one about *The Replacements* or another about the early 80s Detroit hardcore scene (which was compiled by Tony Rettman, a City Gardens regular who is quoted extensively here. --Words by Matthew Berlyant at *The Big Takeover*

About the Author

Amy Yates Wuelfing was a City Gardens regular. Her mom used to call there looking for her. Steven DiLodovico was an annoying hardcore kid. Steve is a loud-mouthed young buck from Philly who knows everything about everything. He s the kid you wanted to pummel at every show.

Users Review

From reader reviews:

John Loya:

Have you spare time to get a day? What do you do when you have a lot more or little spare time? Yes, you can choose the suitable activity regarding spend your time. Any person spent their particular spare time to take a stroll, shopping, or went to the Mall.
