### **Editorial Review**

#### Review

This revised edition of a feminist classic adds new information on AIDS, contraception, and the anti-abortion movement as it probes world patterns of population and reproduction control and its meaning for the future. Rapid population growth is here linked to economic and social problems in chapters which provide strong keys to understanding world population patterns. -- *Midwest Book Review*

#### About the Author

**Betsy Hartmann** writes nonfiction and fiction about important national and global challenges. Her forthcoming book *The America Syndrome: Apocalypse, War and Our Call to Greatness* reveals how end-times thinking profoundly influences American foreign policy, environmental politics and the persistence of injustice. She is also the co-author of *A Quiet Violence: View from a Bangladesh Village* and co-editor of the anthology *Making Threats: Biofears and Environmental Anxieties*. Her political thrillers *The Truth About Fire* and *Deadly Election* explore the threat the Far Right poses to American democracy. From 1988 until recently Betsy taught at Hampshire College where she directed the Population and Development Program. She is a well-known educator, commentator, and advocate on women's rights, population, environment and security concerns. For more on Betsy, see [BetsyHartmann.com](http://BetsyHartmann.com).

### **Users Review**

#### **From reader reviews:**

##### **Steven Richardson:**
