*In the near future, RB Industries will be able to anticipate your every need and desire.*

Whitney is a young attorney with no time to date. She spends a lot of nights with a glass of wine, a sappy chick flick, and her trusty xyRobot. She finally starts seeing her coworker, Chase, outside the office, but when she finally decides to let him stay the night, she gets an unexpected delivery to her apartment.

It's an xxWoman. Whitney is confused. She didn't order a robot - especially not a female model. But the xxWoman intrigues Whitney and Chase, and the new couple decides to activate her.

To their surprise and delight, they quickly learn that the robot, even though she is the most gorgeous thing they have ever seen, is not fully female.
