Saber amar con el cuerpo (Mundo y Cristianismo) (Spanish Edition) By Mikel Gotzon Santamaria

El autor propone adentrarnos en una etapa de desarrollo de la sexualidad que nos permita encontrar la felicidad que tan ardientemente buscamos. La revolución sexual es uno de los hechos más importantes de esta segunda mitad de siglo. Los progresos técnicos han permitido explorar todas las posibilidades de la sexualidad humana. Este libro pretende describir brevemente algunos principios de ecología sexual. El autor propone superar, en el campo sexual, la época "ingenua" en la que nos encontramos, comparable a la época "ingenua" del capitalismo salvaje, ya que esa ingenuidad es dañina para la naturaleza y el hombre. Propone adentrarnos en una etapa de desarrollo ecológico de la sexualidad, que permita a las mujeres y los hombres de nuestro tiempo encontrar la felicidad que tan ardientemente buscamos.
