The Novels of Jeanette Winterson (Readers' Guides to Essential Criticism)

By M. Makinen

This Reader's Guide brings together, in an approachable form, the range of review and critical material on the novels of Jeanette Winterson. Covering all of Winterson's work, from *Oranges are Not the Only Fruit* to *The PowerBook*, Merja Makinen traces the early review reception of each novel on its publication and considers it alongside the larger critical debates that have subsequently evolved. Makinen follows the controversial critical analysis of Winterson as a lesbian writer, and develops the examination of the postmodern aspects of her work, whether as postmodern or post-Modern.

Including a brief discussion of Winterson's most recent novel, *Lighthouse Keeping*, this is an indispensable guide for anyone studying, or simply interested in, the work of one of Britain's most successful contemporary authors.
