The composite chart is the most important new astrological technique available for solving the puzzle of human relationships. For nearly three decades, countless astrologers have added it to their toolkits, opening up vital new insights into the nature and prospects of all types of interpersonal association.

Now, the inventor of this technique, John Townley, has updated and expanded his system with the definitive guide to creating and interpreting these charts, appropriately titled, *Composite Charts*.

In *Composite Charts*, you will learn the chart dynamics of how people in a relationship combine to form a single "entity"—the defining character of the relationship itself. In addition to an exceptionally clear presentation of the basis and mechanics of the technique, *Composite Charts* lays out something to be found nowhere else—Townley's invaluable interpretations of composite planets in signs, and the interplay of the natal charts with the composite.

#### **DISCOVER THE SECRET HEART OF ANY RELATIONSHIP**

We all know that relationships seem to have a life of their own. There is something that comes into being between people when they form a close association, something that makes each person act in ways that are unique to that particular combination. We call it chemistry, and it can be good or bad. But how can we put a finger on just what it is?

Thanks to John Townley, there is a way. When he introduced the composite chart some twenty years ago, astrologers were given a key that unlocks the secret essence of any relationship. Now he presents the results of two decades of experience -- the definitive work on this powerful technique. You will learn:
