Clear, expert advice on applying to medical school

Getting accepted to medical school is a long and rigorous journey, and many students find they need help. If you're one of these students, *Getting into Medical School For Dummies* is the perfect tool to help you through the process and realize your dream. Written by an industry expert, it gives you a distinct advantage in the competitive medical school admissions process, preparing you for every step and helping you create your best application.

- Premed 101 — find expert guidance on picking a major, choosing premedical courses, and making the most of your time outside the classroom through extracurricular activities
- Sort it out — get an overview of the application process, plan for the Medical College Admission Test (MCAT), and put together a list of target schools that are a good fit for you
- Weigh your options — explore osteopathic medical schools, get familiar with dual-degree programs, and investigate international medical schools
- Get ready to go — discover the cost of medical school, plan a budget, and get to know the types of financial aid available to medical students

Open the book and find:

- A timeline of the application process
- Tips for tackling the MCAT
- Advice on finding the best medical school for you
- Guidance on putting together your best application
- What to expect on interview day
- Considerations for applicants with special circumstances, such as nontraditional applicants and reapplicants
- Help with starting medical school on the right foot
