Learning Mastercam X7 Mill 2D Step by Step By James Valentino, Joseph Goldenberg

WARNING: a trial software of X7 in the accompanied CD has been expired; therefore, not downloadable. The exercises in the CD can be used.

Overview

This unique text presents a thorough introduction to Mastercam X7 Mill for students with little or no prior experience. It can be used in virtually any educational setting -- from four-year engineering schools to community colleges and voc/tech schools to industrial training centers -- and will also serve as a reliable reference for on-the-job use or as a self-study manual. The award-winning authors have carefully arranged the contents in a clear and logical sequence and have used many hundreds of visuals instead of wordy explanations. Two enclosed CDs contain Mastercam X7 Demo and also include examples and exercises from the text for student practice.

Features

- Emphasizes student-friendly graphical displays in place of long explanations and definitions.
- Includes an overview of the process of generating a word address program.
- Presents numerous examples that provide step-by-step instructions with graphical displays.
- Eliminates flipping between pages by featuring all explanations on the same page as the example.
- Contains exercises at the end of each chapter.
- Features a process plan for many machining exercises to indicate the machining operations to be performed and the tools to be used.
- All operations now done in Windows 7.
- Includes the new Verifier.
- Includes the new Code Expert.
- Features editing solid models imported from other CAD packages such as SolidWorks.

Thelma Davis:

As a college student exactly feel bored for you to reading. If their teacher questioned them to go to the library or even make summary for some reserve, they are complained. Just little students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that examining is not important, boring in addition to can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to

reach Chinese's country. So , this Learning Mastercam X7 Mill 2D Step by Step can make you really feel more interested to read.
