### The President's Daughter By Nan Britton

The President's Daughter is the heart warming story of an innocent young girl who became pregnant and gave birth to a child whose father happened to be the President of the United States. No. This is not a tawdry fable. This is fact. The President was Warren G. Harding who then died suddenly. Some say he was murdered. Her book is great. In Chapter 18 she describes how on July 30, 1917 she finally lost her virginity to the future president after a long courtship, in a New York City hotel on 30th Street overlooking Broadway. Only moments after the intercourse had been completed, the New York City Vice Squad broke down the door. Harding was forced to identify himself. When the police realized that their target, Warren G. Harding, was a United States Senator (he was not yet president), the Vice Squad apologized and beat a hasty retreat. It was not before long that Nan Britton discovered that she was pregnant. Senator Harding set her up in a house in Asbury Park, New Jersey near a casino where he sometimes played poker, and he sent her money through messengers. She was able to keep her pregnancy and the subsequent birth to her of an illegitimate child a secret from everybody, except for her actual lover who was US Senator and then President Warren G. Harding. The child, Elizabeth Ann, was born on October 22, 1919, not in a hospital but in the same house in Asbury Park NJ where Nan Britton had been staying. The resulting book, The President's Daughter, has a story all its own. Bills were introduced in the United States Congress to stop the publication of this book or to make possession of it illegal. The New York City Vice Squad raided the printing plant and confiscated all the plates. No major, reputable book publisher would touch this book. All turned it down. Finally, the book was published. Naturally, as the book featured sex romps in the White House, it became a best seller.
