**Bewitching The Alpha: A Paranormal Werewolf Romance (MoonHex Book 3)** By Talina Perkins

**Sometimes breaking the rules is the only way, but tempting her mate with hot makeup sex serves as a backup plan.**

Forced out of the Royal High Council of Witches and shunned by her family for mating Julian, a werewolf with the sexiest whiskey eyes. Ember is given an ultimatum: leave Sweet Briar Hollow, or her whole family pays the ultimate price for her sins.

She should have let them take their magickal powers.

Almost a year later, Ember is back and no amount of magick or law will stop the once sweet and calm witch from reclaiming her mate. With a plan in place and a devil-may-care take on the world, only one thing can stop her. Julian. Armed with a drop of dragon's blood and an illegal truth spell, Ember has until the stroke of midnight on the winter solstice to mend their bond and forge a new future with her shifter. But when the truth comes to light can he forgive her for leaving him? Or will her spell cast them farther apart?

Just one little problem with her charm she didn't anticipate... the lure of the full moon over her very pissed off and lusty half-naked werewolf.

Not what she expected. Honestly. Well, maybe. Either way, if her truth spell bites her in the rump, she'll need more than naughty kitchen table sex and magick to help her win back her alpha. All's fair in the world of magick and love.

*Sweet Briar Hollow is a sleepy, quiet town, but not everything is as it seems in the world of magick and shifters. Follow five coven sisters who find true love through their misadventures with love spells gone wrong and whose destiny will*

*carry them into an unknown world where forces are gathering and war taints the air.*
