By Helmut Newton - Helmut Newton: Sumo (Har/Bklt) (8/26/09) By Helmut Newton

SUMO was a titanic book in every respect: a 480-page tribute to the 20th century's most influential, intriguing and controversial photographer, it broke records for weight, dimensions, and resale price. Helmut Newton (1920-2004) always demonstrated a healthy disdain for easy or predictable solutions. SUMO--a bold and unprecedented publishing venture--was an irresistible project. The idea of a spectacular compendium of images, a book with the dimensions of a private exhibition, reproduced to exceptional page size and to state-of-the-art origination and printing standards, emerged from an open, exploratory dialogue between photographer and publisher. With the physically commanding SUMO weighing in--boxed and shrink-wrapped--at 35.4 kilos, Newton created a landmark book that stood head and shoulders above anything previously attempted, either in terms of conceptual extravagance or technical specifications. Published in an edition of 10,000 signed and numbered copies, SUMO sold out soon after publication and quickly multiplied its value. This worldwide publishing sensation now features in numerous important collections around the world, including New York's Museum of Modern Art. Legendary SUMO copy number one, autographed by over 100 of the book's featured celebrities, also broke the record for the most expensive book published in the 20th century, selling at auction in Berlin on April 6, 2000 for 620,000 German Marks - approximately \$430,000. Now, 10 years after the original publication, SUMO is back in a more economical edition, but one with the same DNA as its unique progenitor. SUMO established new standards for the art monograph genre, and secured a prominent place in photo-book history. This new edition is the fulfillment of an ambition conceived some years ago by Helmut Newton. He would surely be pleased that, a decade on from its first publication, SUMO--now in a format that allows for a more democratic distribution--will reach the widest possible audience.

Editorial Review

Users Review

From reader reviews:

Theresa Walker:

Do you have favorite book? When you have, what is your favorite's book? Reserve is very important thing for us to know everything in the world. Each guide has different aim or perhaps goal; it means that publication has different type. Some people truly feel enjoy to spend their the perfect time to read a book. They are reading whatever they take because their hobby is definitely reading a book. Why not the person who don't like reading a book? Sometime, individual feel need book when they found difficult problem or exercise. Well, probably you'll have this By Helmut Newton - Helmut Newton: Sumo (Har/Bklt) (8/26/09).

Dennis Ross:

With other case, little folks like to read book By Helmut Newton - Helmut Newton: Sumo (Har/Bklt) (8/26/09). You can choose the best book if you like reading a book. So long as we know about how is important a book By Helmut Newton - Helmut Newton: Sumo (Har/Bklt) (8/26/09). You can add know-how and of course you can around the world by the book. Absolutely right, because from book you can know everything! From your country until finally foreign or abroad you will end up known. About simple thing until wonderful thing you may know that. In this era, we could open a book as well as searching by internet product. It is called e-book. You should use it when you feel bored stiff to go to the library. Let's go through.

Valerie Smith:

Here thing why this specific By Helmut Newton - Helmut Newton: Sumo (Har/Bklt) (8/26/09) are different and trustworthy to be yours. First of all looking at a book is good nonetheless it depends in the content from it which is the content is as yummy as food or not. By Helmut Newton - Helmut Newton: Sumo (Har/Bklt) (8/26/09) giving you information deeper including different ways, you can find any e-book out there but there is no reserve that similar with By Helmut Newton - Helmut Newton: Sumo (Har/Bklt) (8/26/09). It gives you thrill reading through journey, its open up your personal eyes about the thing which happened in the world which is possibly can be happened around you. It is possible to bring everywhere like in recreation area, café, or even in your means home by train. If you are having difficulties in bringing the branded book maybe the form of By Helmut Newton - Helmut Newton: Sumo (Har/Bklt) (8/26/09) in e-book can be your option.

Jose Garcia:

A lot of reserve has printed but it is unique. You can get it by internet on social media. You can choose the

very best book for you, science, comedy, novel, or whatever by searching from it. It is called of book By Helmut Newton - Helmut Newton: Sumo (Har/Bklt) (8/26/09). You'll be able to your knowledge by it. Without causing the printed book, it can add your knowledge and make an individual happier to read. It is most critical that, you must aware about reserve. It can bring you from one destination for a other place.
