Pro Web Project Management (Expert's Voice in Web Development) By Justin Emond, Chris Steins

Pro Web Project Management is a collection of hard-won lessons the authors have learned managing modern web projects with small and medium budgets in a consulting environment. This isn't a book about project management theory. *Pro Web Project Management* tells how to create real deliverables, get answers from indecisive clients, manage wayward programmers, and use checklists to wow clients. This book is made up of real examples, real lessons, real documents, and real tips woven together into a step-by-step walkthrough of a project's life cycle.

Pro Web Project Management is written for both the full-time project manager and the aspiring project manager who might have a role that blends client support, web development, and project management. The project budget sweet spot for this book is \$50,000 to \$500,000. If you manage a project in this space, reading this book will make you a better project manager.

- Learn how to manage a modern web project with a budget of \$50,000 to \$500,000
- Get actionable tips on dealing with real project management challenges
- Learn the simple, defined process?refined over the years?to take simple and complex projects from proposal to successful launch

Editorial Review

About the Author

Justin Emond is a Consultant at Pantheon. Justin has worked on both sides of the technology world, both in internal technology departments and as a consultant delivering services to those on the inside. Prior to working at Pantheon Justin was a Senior Project Manager at Urban Insight. He has also taught a variety of technology courses at the USC Viterbi School of Engineering, from web programming to project management. He occasionally writes at MissingFeatures.com on topics ranging from usability to interface design to project management. In addition to his work at Urban Insight and Pantheon, Justin created Droptor, a web application that helps teams manage sites powered by the Drupal content management system, and Droptopia, an online visual portfolio of expert Drupal agencies. Justin has a degree in Psychology from the University of Southern California.

Users Review

From reader reviews:

Sara Love:

Spent a free time to be fun activity to do! A lot of people spent their sparetime with their family, or their very own friends. Usually they performing activity like watching television, about to beach, or picnic in the park. They actually doing ditto every week. Do you feel it? Do you need to something different to fill your personal free time/ holiday? Could be reading a book can be option to fill your no cost time/ holiday. The first thing you ask may be what kinds of guide that you should read. If you want to test look for book, may be the e-book untitled Pro Web Project Management (Expert's Voice in Web Development) can be excellent book to read. May be it might be best activity to you.

Stephen Wilson:
